

Analyzing MAP Data by Classroom

This replicates the exercise an academic faculty participated in during our November in-service.

The next 12 pages are a MAP class report for English 2 and English 2 Honors. English 2 and English 2 Honors are taught in the same class; there are two combined sections.

If you taught these students, what would be your...

1. **Celebrations:** What do you find in the data that is worthy of celebration?
2. **OFIs (Opportunities for Improvement):** What do you find in the data that presents an opportunity for improvement?
3. **Actions:** If you taught English 2/English 2 Honors, what actions would you take in your classroom based on the data?

Explanatory Notes

Tests shown in gray are excluded from summary statistics. Either the test occurred outside the testing window for a term, had an invalid score, or was a repeat test for a student within a term.
 Test invalidations: **s**4 The test duration was too short to provide a valid result.
 Summary data for groups of less than 10 are generally suppressed because they are not statistically reliable.

Explanatory Notes

Tests shown in gray are excluded from summary statistics. Either the test occurred outside the testing window for a term, had an invalid score, or was a repeat test for a student within a term.
 Test invalidations: ***1 The test duration was too short to provide a valid result.
 Summary data for groups of less than 10 are generally suppressed because they are not statistically reliable.
