STUDENT DENTAL EXAM VERIFICATION POLICY

New Mexico law requires NMSA to verify student records of dental examination prior to the student's initial enrollment in NMSA. Parents/guardians of students (or, if over 18, the student) are required to provide an executed Student Dental Examination Verification Form as part of NMSA's enrollment process prior to NMSA initially enrolling the student.

Parents/guardians/students over 18 may request a waiver from this verification process by checking the correct box on the Form.

This Form shall be collected and stored by NMSA as part of student records; confidentiality shall be maintained and shall be only accessible to NMSA individuals on a need-to-know basis, consistent with the privacy protections of FERPA. End-of-year student data regarding student dental examination shall be reported to NMPED consistent with NMPED requirements.

Parents/guardians/students over 18 who wish to receive information about local resources regarding access to oral health care should contact the front office for information, 505-310-4194. In addition to local resources, the New Mexico Department of Health, Office of Oral Health is available at 505-827-0837.
